PUBLICATIONS

“Interpreting Michel Henry’s ‘What Science Doesn’t Know’” 2018

www.achrafkassioui.com/papers

“Stacking property” 2017

Interactive article that explores the relation between the phenomenological behavior of a system and its mathematical description.

www.achrafkassioui.com/blog/stacking-property

SOFTWARE PROJECTS

“Backspace Mirror” 2018

User interface prototype for iOS & in-depth case study.

Shows the user which text will get deleted faster by holding “backspace”.

www.achrafkassioui.com/backspace-mirror

“Birdview.js” 2017

User interface experiment & JavaScript plug-in.

Gives the user a bird’s-eye view of a web page.

www.achrafkassioui.com/birdview

PRESENTATIONS AND WORKSHOPS

“Career days” 2011–2017

Yearly educational workshop with high-school students.

Lycée Regnault, French school of Tangier.

“What is UX Design?” Mar. 2016

Presentation of user experience design in software development for engineering students.

Centre des Études Supérieures d’Ingénierie et de Management, Tangier.

PROGRAMMING LANGUAGES AND SOFTWARE SKILLS

JavaScript, HTML, CSS, Node.js, Redis, Cinema 4D, 3ds Max, Photoshop, After Effects.
